

TERRAIN™
WE PROTECT YOUR TERRAIN

THE JOURNEY FROM
**SECURITY
TO SAFETY**
STARTS WITH TERRAIN FORCE

About **TERRAIN**

Terrain Force is a privately-owned company with operations in all over Kerala controlled and managed by specialists with over 20+ years of experience in the industry offering a wide range of services with quality and prices second to none. We guarantee to fulfill all your requirements and maintain the highest levels of services. We are aware that a professional and experienced company is an absolute necessity. We wish to lead the industry through our commitment towards service, innovative ideas, and our dedication towards providing our clients with truly comprehensive and tailored unchallenged service.

Mission “

To provide our clients with the most professional service and to meet and exceed our customers' expectations through effective, professional, reliable, and discreet services while maintaining a cost-efficient approach.

We provide fully comprehensive and professional solutions at very competitive rates, in turn saving your money while at the same time giving you peace of mind that your concern are well taken care of.

VISION “

Be the leaders in the industry of professional service providers, characterized by high standard policies and procedures, trustworthiness, professionalism, commitment and dedication to clients.

If your **TEAM** is with you,
the **world** is yours....

OUR CORE VALUE

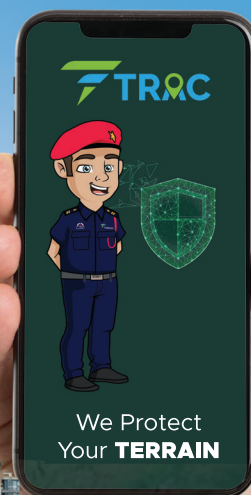

We are what our values are, Terrain core values constantly motivate our employees to work with complete determination. We believe that our success comes from our ambitious workforce, which is trained to work effectively. Our passion to always work with dedication and finding effective new ways of delivering our services sets us apart from our competitors. Terrain force's duty is to ensure the customer's safety, regardless of contract size.

WHO WE ARE ?

Our major strength is our well organized extensive network that provides security services mainly in South India. We are associated with many renowned industrial and business establishments for their protection, staffing and payroll management services. Their satisfaction and experience are the fuel and the boost for our growth. With sincere and effective service our company has symbolized as an epitome of security and safety. We have more than 600 Certified Protection Officers who works constantly for our core objective of securing our clients. They are well trained to face any kinds of external disturbances and emergency situations. They make sure that the firm is working

completely secure around the clock. With a sharp focus on security we provide services in close co-ordination with our clients besides providing specialized and customized security solutions.

They take the greatest effort for the comfort of the clients with focused attention. We provide unmatched security staffing solutions to meet the specific needs of all our business associates. Our smart, highly trained security personnel are under continuous supervision and they perform their duty with extreme zeal and sincerity.

OUR PEOPLE & THE TEAM

We believe that concentrating on building a strong honest management team and investing in the support structure of the company will lead us to meet our aspiration for growth, employee fulfilment and profitability.

"Our training system, management support system, and staff commitment charter will surely result in us becoming one of the most loyal and thoroughly professional workforces in the industry." Protection for all sizes. We provide articulate, well-presented staffs to help protect and maintain your assets smoothly. Professional reliable and diplomatic staffs are a benchmark of Terrain Protection Service Private Limited.

We go to lengths to look after our people and while recruiting we look for people with personality in order to find the fit for both as an employee and clients. We also have rigorous pre-employment procedures for the applicants to thoroughly undergo the recruiting standards. Our people are ultimately well managed, supported, and appreciated.

OUR SERVICES

ARMED & UNARMED GUARDS

We offer security guard services throughout Kerala, Tamilnadu, Telangana with a strategic support in Karnataka also. All the security officers at Terrain have the skills necessary to deter all type of threats in client space.

EVENT SECURITY

Whatever be your requirement, private parties, conferences, family functions, corporate functions will provide you with the best event management service to make each event memorable. Our team of dedicated customer care managers will help you plan the event, select the services according to your requirement and budget.

CORPORATE INDUSTRY GUARDING

Specializes in providing Industry corporate security services to clients requiring a higher level of service. Typical Industry corporate security includes posted or roaming security guards during operation in the day or patrolling at night. Reliability and professionalism are paramount in the selected guard service. Where most companies provide guards that are minimally trained and generally must be supervised, Terrain Protection Service makes a strong effort to exclusively hire personnel equal to the quality of other company's supervisors. This extra effort means the selected staff are more reliable, professional and able to manage themselves, let alone others.

TRAINING

We utilize the most cutting-edge methods, tools, and practice guidelines along with the regular training timelines to create a skilled set of security guards in the private security industry. Our experts are always updated with the new trends and patterns in the crime world.
